Based at St Peter's and Padiham Leisure Centres you will gain a broad range of experience-based knowledge of services provided within Burnley Leisure. As this role incorporates lifeguarding; a minimum swimming ability is required and you will be required to undertake a swimming test in addition to satisfying college assessments.

In partnership with Burnley College we will support you through a comprehensive training programme, including NVQs (National Vocational Qualifications), which are recognised by employers across the country.

We are looking for self-motivated people who aspire to develop themselves and are committed to learning. You will need a good school, college or work record of attendance, good communication skills and be able to satisfy basic literacy and numeracy requirements. Evidence of your ability to work in teams and support others will also be required.

Posts are subject to DBS clearance.

“Being a part of the Burnley Leisure apprenticeship scheme, has allowed me to become a part of an amazing and supporting team. I have developed my own personal skills whilst gaining recognised industry qualifications. I have recently gained my level 2 gym instructor and I am currently working towards becoming a chain gang instructor. ”
